Return to Work Proviso in the Appropriations Act:

108.14. (PEBA: PORS and SCRS Return to Work) (A) *For compensation earnings during the current fiscal year, the earnings limitation does not apply if a member of the Police Officer Retirement System has not been engaged to perform services for a participating employer in the system or any other system provided in Title 9 for compensation in any capacity, whether as an employee, independent contractor, leased employee, joint employee, or other classification of worker, for a period of at least twelve consecutive months subsequent to retirement. The exemption provided under this provision does not apply unless the member first certifies to the system that he satisfies the requirements for the exemption. If a member inaccurately certifies that he satisfies the requirements for the exemption provided in this provision, the member is responsible for reimbursing the system for any benefits wrongly paid to the member.*

(B) *For compensation earnings during the current fiscal year, the earnings limitation does not apply if a member of the South Carolina Retirement System has not been engaged to perform services for a participating employer in the system or any other system provided in Title 9 for compensation in any capacity, whether as an employee, independent contractor, leased employee, joint employee, or other classification of worker,*

for a period of at least twelve consecutive months subsequent to retirement. The exemption provided under this provision does not apply unless the member first certifies to the system that he satisfies the requirements for the exemption. If a member inaccurately certifies that he satisfies the requirements for the exemption provided in this provision, the member is responsible for reimbursing the system for any benefits wrongly paid to the member.

SC State Firefighters' Association FY 26-27 Budget Request

REQUEST 1(A) - South Carolina Firefighter Assistance Support Team (SCFAST) - \$287,028.62 (General Funds - Recurring) The focus of SCFAST is twofold, prevention and post-incident support. SCFAST was authorized and funded by the General Assembly in 2016 through the Department of Labor, Licensing and Regulation via a budget proviso (81.13). The proviso allows the fire service to offer preventative initiatives and obtain an insurance policy that covers the out-of-pocket expenses associated with clinical care for mental or behavioral health needs of the first responder. Executive Director Helms testified in the House Transportation and Regulatory Budget Subcommittee of the House Ways and Means Committee requesting funding for the SCFAST program. *The Ways and Means Committee adopted funding of \$287,029 recurring for the SCFAST program.*

The South Carolina State Firefighters' Association is working with Senate members and staff of the Senate Finance Committee (SFC) regarding the SCFAST budget request. The SFC Natural Resources and Economic Development Subcommittee heard the SCFAST budget request on Thursday, February 12th upon adjournment of the Senate.

REQUEST 1(B): The SCSFA also requests that the funding for the SCFAST program be broken out as a line item in LLR's budget (as currently done in SLED's budget for PTSD Treatment).

REQUEST 2 - Palmetto 800 Statewide Radio System Funding - \$5.5 million is estimated to cover approximately 50% of user fees (General Funds - Recurring) and a total of approximately \$97 million or roughly \$20 million over a 5-year phase-in for infrastructure (General Funds - Nonrecurring). The goal for FY26-27 is to reach a 50% match from the state for user fee costs for those eligible public safety and first responders outlined in Proviso 93.7 in the Appropriations Act. The fire service would like to encourage the Governor to request retaining the Broadband Equity, Access, and Deployment (BEAD) non-deployment surplus funds and allocate a portion towards building radio towers throughout the state in order to provide adequate coverage for portable radios. If BEAD funding is unavailable, then the fire service would encourage the General Assembly to include funding in the FY26-27 Appropriations bill. Each tower is **estimated** to cost \$2 million which is **estimated** to cost approximately \$94 million or an estimated \$20 million over a five-year phase-in. The South Carolina State Firefighters' Association is working with House members and staff of the Ways and Means Committee regarding the Palmetto800 statewide radio budget request. *The Ways and Means Committee adopted additional funding of \$4.2 million recurring for the Pal800 user fees bringing the total recurring funding for user fees to \$11.1 million and funded an additional \$13.4 million nonrecurring for Pal800 infrastructure.*

REQUEST 3 - South Carolina Heritage Center and Museum Request - \$4.8 million (General Funds - Nonrecurring) - The SCSFA is requesting funding consideration for the development of the South Carolina State Fire Heritage Center and Museum. Currently, there is no statewide facility designated to educate future generations on South Carolina's fire service history. The SCSFA purchased a facility in the vicinity of Columbia, located in Richland County, which will house the South Carolina State Fire Heritage Center and Museum. The SCSFA is seeking funding (\$4,800,000) necessary to renovate approximately 25,000 sq ft of the property to include an interactive fire museum, auditorium and educational center. Additionally, the Heritage Center will have the capability to also serve as a Firefighter Mobilization back-up staging location, in the center of the state, for natural disaster response. *SCSFA continues to meet with members regarding funding the South Carolina Heritage Center and Museum.*

SCSFA continues to support the FY26-27 State Fire Budget Request submitted by the South Carolina Department of Labor, Licensing and Regulation.
