"Residential Structure Fire – The First 15 Minutes"

Presented by LeRoy Smith, Holly Springs Fire Dept. (NC)

Fire Chief LeRoy Smith retired from the Prince George's County, Maryland Fire Department after 22 years of service in 2012 and served two years as Deputy Fire Chief of Operations at the Baltimore Washington International Airport. Chief Smith is a Nationally Certified Fire Officer IV and Instructor III. Currently Chief Smith is serving as the Fire Chief in Holly Springs North Carolina, a rapidly growing suburb of Raleigh North Carolina.

"Residential Structure Fire – The First 15 Minutes" is designed to enhance the ability to make sound, rapid initial tactical decisions; and to ensure safe and successful fire ground operations. Whether your department responds to 2 or 200 working structure fires a year, the tactical decision made in the first 15 minutes will determine the outcome of the fire.
